ACS

- Approximately 60 members
- 7 member representatives in the board
- 3 cluster nodes
 - Linköping (East)
 - Trollhättan (West)
 - Kiruna (North)

ACS Mission

Support Swedish Aviation and Space companies to become a national area of excellence

- Focus on increased business for Small and Medium-sized Enterprises (SME)
 - Collaboration between Industry, Academia and Government
 - Collaboration between SME and Large companies
 - Support R&D to Business in an efficient way
 - Support national and international business
- Member Value!

ACS Areas of Business

- Networking – Industry/Academia/Government, site visits, events...
- Exposure – Homepage, exhibitions, matchmaking...
- Competence – Share knowledge and competence, arrange courses and seminars...
- Internationalization – EACP, visits, event, exhibitions, matchmaking...
- Policy & Regulations – Drive important issues as an organization (SOFF, SAI, UAS Sweden..)
- Support– Information by email and homepage, establish contacts...
- **Very important with dedicated cluster members!**

Ongoing activities with UK

UK is very important for collaboration within the Aerospace Business

- Common call coordinated by Innovair* and ATI** (5 projects)
- ATI and Innovate UK*** will visit Innovair and Vinnova**** 28th February
- ATI will visit Saab and GKN 11-13th March
- Innovair and ACS will visit AFRC***** and LMC***** in Glasgow 11-13th June

Innovair - Sweden's national strategic innovation programme for Aeronautics

** ATI – Aerospace Technology Institute

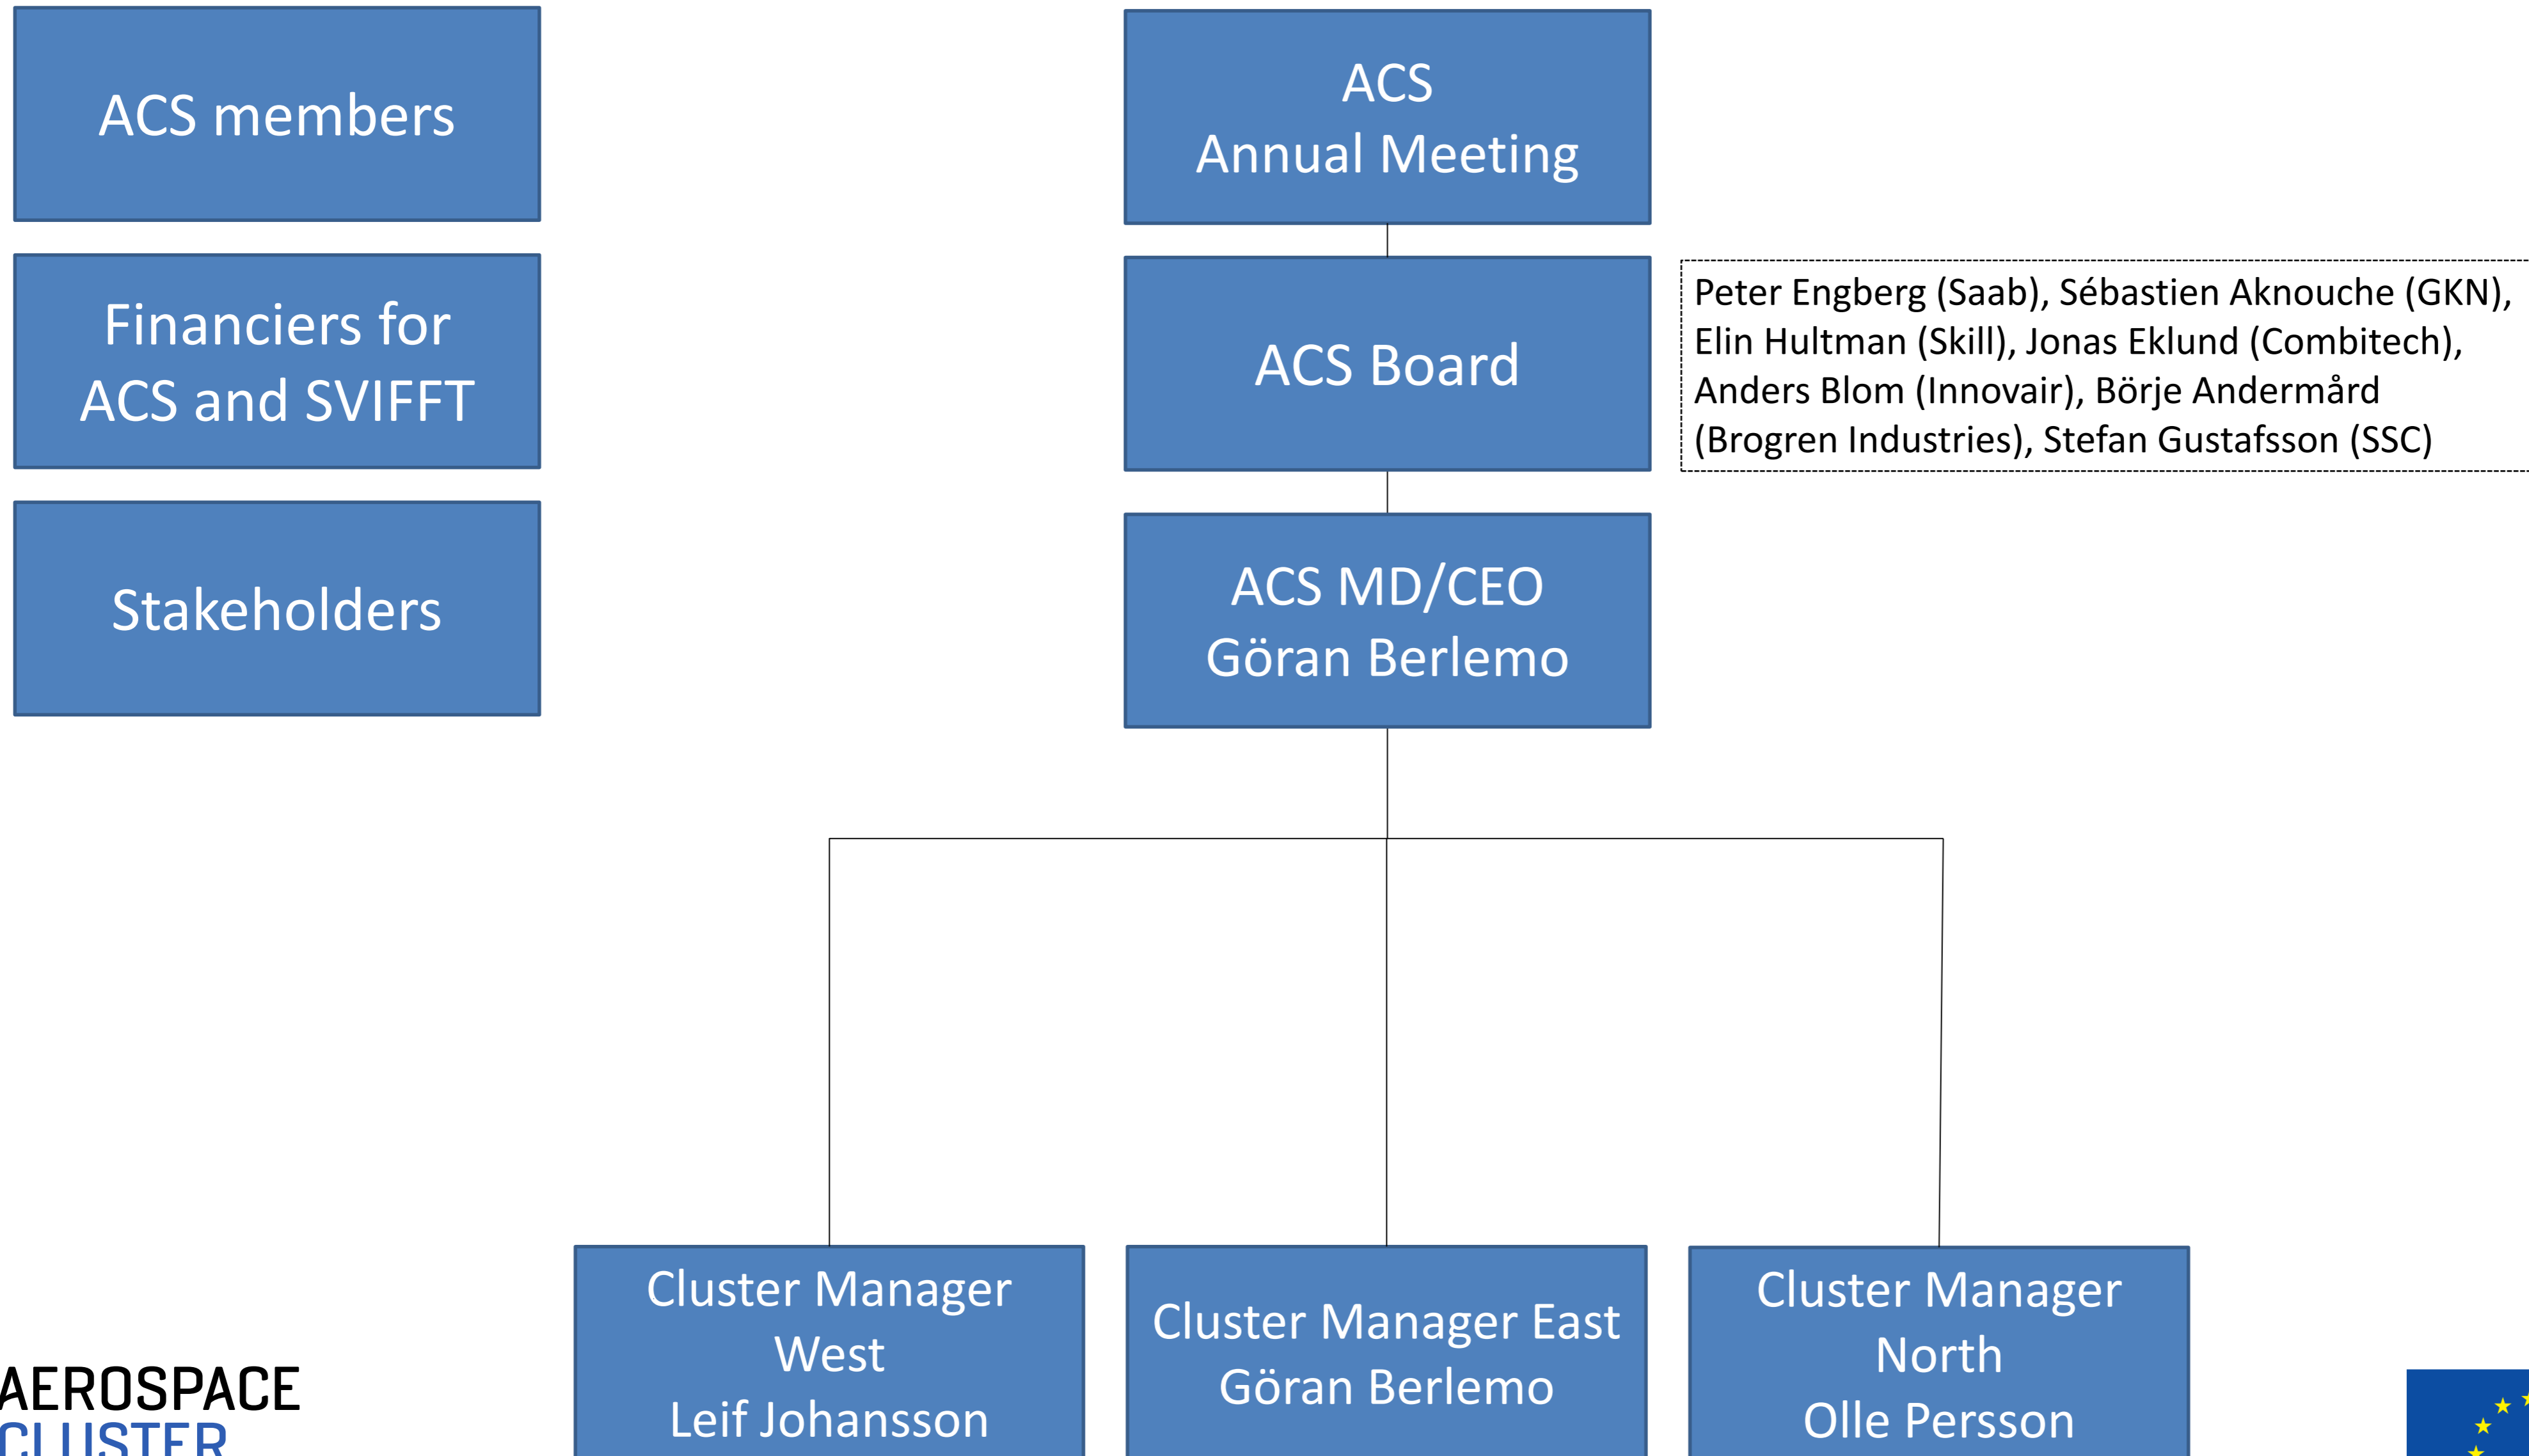

*** Innovate UK – UK Innovation Agency

**** Vinnova – Swedens Innovation Agency

***** AFRC – Advanced Forming Research Center

***** LMC – Lightweight Manufacturing Centre

Upcoming events

- Develop the initial version of the ACS Northern Node Business Plan
- Arrange meeting places: - between large / small companies, between industries / areas of expertise.
- Networking, match making, seminars, workshops, exposure
- Outreach activities where ACS northern node makes visits out in the region's companies
- Inventory and present the cluster's member companies and organizations on the project and ACS websites.
- Participation in the S3 pilot for clusters
- Develop a database for the members of the cluster
- Hanover industry fair
- ACS Cluster meetings in Sweden, Germany and UK

Bee hive

Q1 60 years with space and no SME:s,
Why?

Q2 What's the future business:

- Downs stream
- Satellites
- Payloads
- Testing
- Launch vehicles
- Other
